Tufts Children's Theater...

encompasses Magic Circle Theater and Creative Arts in the summer, and during the school year, Collins Players. All programs focus on theater and improvisation, and strive to challenge and enhance each child's creative powers. The programs are based on the idea that every child has much to contribute to the creative process.

Magic Circle Theater...

is New England's oldest theater by and for children, in session daily from 9:00 am-4:00 pm for six weeks, July 5-August 11, 2017. The company consists of young actors currently in grades 6-9, meeting each day to rehearse, construct scenery, create costumes, and perform. The summer's activities climax during the 4th, 5th and 6th weeks with public performances of three children's plays in repertory in the Balch Arena Theater.

Magic Circle Theater emphasizes the importance of those backstage as well as those onstage. Each student will appear onstage for one of the three productions and will assume a technical or backstage role in the others. Students will tackle a variety of technical positions, including scenery, stage management, lighting, costumes, scenic painting, and house management. Each day, the Magic Circle program is structured to include time for workshops in acting, music, dance, production design and construction.

Creative Arts...

is a unique program that introduces younger children to the basic principles of visual and performing arts in a non-competitive environment. Creative Arts is for children currently in grades 2-5. The program meets each day from 9:00 am-4:00 pm. Creative Arts will meet in two three-week sessions, July 5-July 21 and July 24-August 11, 2017. The program will continue to offer a Before Care and After Care option at an extra cost of \$8.00 per hour beginning at 8:00 a.m. and ending at 6:00 p.m. for both sessions. (PLEASE NOTE: there will be no Before Care offered on the first day of Session 1, 7/5 and no After Care offered on the last day of Session 2, 8/11.)

Through daily hands-on workshops in music, art, creative movement/dance and creative drama, each child will discover and strengthen his or her own powers of imaginative self-expression. In addition, additional workshops are often scheduled combining the disciplines of these four core workshops. An open-house performance for families and friends is scheduled at the end of each three-week session.

Staffing...

is under the direction of Dr. Luke Jorgensen, Artistic Director of Magic Circle Theater and Nicole Frattaroli, Director of Creative Arts. In addition to a core staff of professional artists and college students, the programs feature guest artists from the Boston arts community.
